

Donate to PiE at Greene

[00:00:00.00] - Speaker 7

Pai is short of funds this year.

[00:00:01.23] - Speaker 2

We would love your donations.

[00:00:03.17] - Speaker 6

To donate, go to papi.

[00:00:05.14] - Speaker 5

Org and click on the Donate button.

[00:00:07.19] - Speaker 8

If you work for a company that is matching, make sure to do that, too.

[00:00:11.16] - Speaker 1

What's your favorite type of pie?

[00:00:14.07] - Speaker 3

My favorite type of pie is sweet potato pie, but it's really hard to find.

[00:00:18.10] - Speaker 6

Apple pie, pumpkin pie. I don't eat pie.

[00:00:21.12] - Speaker 7

Thank you.

[00:00:23.18] - Speaker 3

Parents should support pie because pie pays for classes that our students absolutely love and make their experience it's at Green that much more greater. Pie provides the opportunity for students to learn new things that they may not have been exposed to or actually learned before.

[00:00:39.10] - Speaker 5

Trumpet is the best instrument because it's one of the most simple. It can do very low notes and high notes. No, it's not all about this land.

[00:00:48.09] - Speaker 1

Those are the things I want to continue doing throughout my life, and I just think it's more fun.

[00:00:55.10] - Speaker 6

I believe that music is one of humanity's greatest inventions because because it just brings people together no matter what.

[00:01:03.08] - Speaker 2

Because I feel like woodwork can be used in real life.

[00:01:07.06] - Speaker 8

I really like working in a group. I like how all the sections have different parts, and when we put it all together, it just sounds really good.

[00:01:14.15] - Speaker 4

There's a word in Spanish called Esdruhula that I really like. It means where to put the accent.

[00:01:25.16] - Speaker 8

It's just really fun to get to hang out with my friends and produce I do shows for the whole school, and you also get to learn about other people during interviews.

[00:01:35.02] - Speaker 2

It gives me a lot of freedom in what I like to do and expressing myself in the way I like to express myself. I can just be with the people who feel the same way about, I guess, music and academics.

[00:01:50.18] - Speaker 7

We're making masks out of plaster. So you could have made it from a mold, but I decided to make it out of my face. So my teacher had to put on my face, and soon I'm going to be painting it and making a really cool mask. Maybe scary.

[00:02:06.19] - Speaker 3

Because of PI Funding, our students have the opportunity every year to have at least two electives. And then when you talk about students that are sixth grade students, they have the wheel, which gives them access not only to music, but it also gives them access to all elective offerings so that they make informed decisions when they choose their two electives for seventh and eighth Please donate so that we can keep doing the things that we love. Thank you.
